

BLOCK KIDS

WE NEED YOU to help judge Block Kids! No Experience Necessary!

The National Association of Women in Construction (NAWIC) Greater Wichita, KS Chapter #120 is please to announce its annual Block Kids Building Competition. The award winning program was created by the NAWIC Education Foundation. It was developed in 1989 as a tool to introduce our youth to the construction industry and to raise awareness of the rewarding career opportunities available to them.

What is Block Kids? Block Kids is a free event opent to 1st through 6th graders. Children are encouraged to use their imaginations to come up with construction-related projects using only building blocks and a few other interesting items. Prizes are awarded at each grade level. The overall winner will advance to the Regional Competition and potential to move on to the National level.

This is an experience you won't want to miss!

Come spend a few hours with us. Our "Building Inspectors" aka judges, evaluate the projects while spending one-on-one time with the kids. You will be impressed as they reveal the thought processes behind their masterpieces!

YES, I want to volunteer to be a Judge "Building Inspector"

Please arrive at Farha Roofing by 10:00 am
